**RE: DA2020/0502 - 36 Bardo Road NEWPORT NSW 2106**

Dear Sir, I believe this development of 12 large houses on this site is a case of over development. Bardo Road is already overloaded with traffic. This development and any other further development in the future could see another 200+ cars in our street. This must stop before we become another Mumbai. I see no sensible reason to spoil this beautiful area by allowing this type of development. The size needs to be reduced somewhat. Bardo Road is a highly treed area and should be kept this way.
