To whom it may concern,

I'm just writing to voice my support the DA modification (Mod2021/0047) for the market at Pittwater RSL, Mona Vale (#5181)

The markets not only have provided employment and income to hundreds of families during this recent period, but local food markets have been recognised as an essential service during the pandemic.

Food Markets are clearly wanted by the community given the support customers give this market every week to do their weekly shopping.

They promote healthy living with an encourage interest in healthy eating and home cooking and bring community benefits which is what our brand is about.

Thanks for your time,

Anna Marchant
