Attention - Nick England

DA 2019 / 0280
APPLICATION FOR ALTERATIONS & ADDITIONS TO
EXISTING MIRAMARE GARDEN EVENT CENTRE

Thank you for the information regarding alterations to the above Premises. We appreciate you extending the time to allow us to respond to the application.

Many of our parishioners have concerns regarding this current DA, as Miramare are planning to opening out one of the reception rooms to allow outside/inside functions. The increase in noise level would impact on our many activities and our quiet worship which includes many weekend Church services.

Please consider our concerns during your planning process of this DA Application.

Yours Sincerely

Fr Jose Philip OSH
Parish Priest
