RE: DA2021/2116 - 145 Old Pittwater Road BROOKVALE NSW 2100

My wife and I would like to register our support and welcome the Aqua Culture Health and Wellness facility to the Northern Beaches.

Being able to use a combined Health and Wellness facility at a centralised location like Warringah Mall would be very convenient to not only us but the community in general.

We are hopeful that the Northern Beaches council would support facilities like this that positively promote health, self improvement and well being throughout the Northern Beaches community.

Thanks
