RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

To the Assessing Officer

I strongly oppose this DA for a telecommunications facility and associated equipment.

The proposed telecommunications tower will adversely affect thousands of local residents, families and community members who use the parkland for recreation on a daily basis, and weekends especially when the area is infiltrated with young children and families playing and watching sport. Not to mention the local primary school located nearby.

Please reject this DA.

Regards
Daniel Peters
