Terrey Hills NSW 2084

RE: DA2023/1224 62 Myoora Road TERREY HILLS NSW 2084

Please reconsider the entry and exit position for this development. Myoora road is narrow, congested and inappropriate for regular truck traffic. The proposed driveway comes out directly opposite Terrey Hills Primary School and is potentially a dangerous place for children entering and exiting school. Trucks would need to use the new driveway at night or weekends but not during school hours and this would be hard to monitor. I have lived in Terrey Hills for 50 years and any development that clogs up roads in and out of this suburb have made access in times of emergencies increasingly more dangerous.
