Subject: TRIMMED: No to DA2024/0675

To Northern Beaches Council,

I'm writing this as a homeowner and resident of Mona Vale at 53 Emma Steet.

Our property is opposite the Pittwater RSL where this DA is proposed to install a Pickleball court as well as Lighting.

We are already forced to listen to RSL music and activities on the weekends requiring us to close windows and pull the blinds as the existing lighting and sounds ends up going through our bedroom window.

I do have concerns around escalating the noise and lighting that will occur with this proposal as it will result in our weekends outside being overlaid with the obtrusive noise of the click click' of plastic balls and then there is the additional lighting which prevents us from enjoying the night sky until relatively late in the evening.

In regards to this specific DA2024/0675 I am lodging an express NO and point concern to the council approving this request.

Please address soundproofing and lighting control so as to not wash this intrusion over our neighbourhood or not approve the DA.

Regards,

Eila Ruuska
