**RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101**

The Collaroy/Narrabeen seawall is a complete disgrace, that has destroyed the natural beauty and amenity of the beach.

In all honesty, it looks like the beaches of Normandy prior to the DDay landings.

This also sets a horrid precedent for the rest of NSW. If we are planning for the future, natural beauty and amenities should always be prioritised over a few homeowners.
