

Natural Environment Referral Response - Biodiversity

Application Number:	DA2024/0067
Proposed Development:	Alterations and additions to a dwelling house including a detached garage
Date:	05/02/2024
Responsible Officer	Megan Surtees
Land to be developed (Address):	Lot 61 DP 7593 , 43 Alleyne Avenue NORTH NARRABEEN NSW 2101

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The development proposal has been assessed against the following controls

State Environmental Planning Policy (Resilience and Hazards) 2021 cl2.8 Development on land in proximity to coastal wetlands or littoral rainforest & cl2.10 Development on land within the coastal environment area

Pittwater LEP 2014 cl 7.6 Biodiversity

Pittwater 21 DCP B4.4 Flora and Fauna Habitat Enhancement Category 2 and Wildlife Corridor

The SEE states that the proposal will not remove any vegetation or trees on the site. The development includes areas of new landscaping (Garage DA) and controls have been applied in relation to species selection to satisfy the applicable controls. Under the SEPP, the site is mapped within the proximity area to a coastal wetland, although the proposed development is unlikely to significantly impact on the ecological integrity of the adjacent coastal wetland. Therefore the development is designed, sited and will be managed to avoid any significant adverse environmental impact.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:**CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION
CERTIFICATE****No Clearing of Vegetation**

Unless otherwise exempt, no vegetation is to be cleared prior to issue of a Construction Certificate.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of Construction Certificate.

Reason: To protect native vegetation.

Amendment of Landscape Plans

The submitted Landscape Plan is to be amended in accordance with the following:

- At least 60% of any new planting incorporates native vegetation as per the Pittwater Ward species listed in Native Planting Guide available on the Council website

The Landscape Plan is to be amended by a qualified landscape architect and provided to the Principal Certifier prior to issue of the Construction Certificate.

Reason: To maintain and replace habitat on the site.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK**Wildlife Protection**

If construction activity associated with this development results in injury or displacement of a native mammal, bird, reptile or amphibian, a licensed wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To protect native wildlife.

Protection of Habitat Features

All natural landscape features, including any rock outcrops, native vegetation and/or watercourses, are to remain undisturbed during the construction works, except where affected by necessary works detailed on approved plans.

Reason: To protect wildlife habitat.

**CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE
OCCUPATION CERTIFICATE****Protection of Habitat Features**

All natural landscape features, including any rock outcrops, native vegetation and/or watercourses, are to remain undisturbed except where affected by necessary works detailed on approved plans.

Details demonstrating compliance are to be provided to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To protect wildlife habitat.

No Weeds Imported On To The Site

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.

Priority Weed Removal and Management

All Priority weeds (as specified in the Northern Beaches Local Weed Management Plan) within the development footprint are to be removed using an appropriate control method.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority weeds.

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES**Protection of Habitat Features**

All natural landscape features, including any rock outcrops, native vegetation, soil and/or watercourses, are to remain undisturbed except where affected by necessary works detailed on approved plans.

Reason: To protect wildlife habitat.
