**RE: Mod2016/0135 - 896 Pittwater Road DEE WHY NSW 2099**

I have lived through many many months of direct construction noise next door and in front of my building both day and night on Oaks Avenue and 100% disagree with the noise starting at 7am.

This has been a complete disruption to everyday life and sleep for those of us that work long hours. Please consider rejecting this application from Karimbla.

Local Dee Why residents have had enough of all the disruption the new development is causing let alone this as well. On numerous occasions I can't even drive in my own driveway with their trucks blocking the residential driveway at all hours. Enough is enough.
