RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

Hi, Robertson Road has the potential to be the most social and alive pedestrian orientated strips in Newport. This can be our Corso! It really deserves a cohesive design that provides a beachside village feel and fulfils the requirements of the local residents. It is my understanding that there is a Master Plan that does just that. Why are you considering something that does not?
