**Subject:** Submission against DA2021/1039

Hi Council

I would like to express my concerns re the proposed boarding house on 16 Wyatt st, Belrose. As residents of the area we are against this large development that is not taking into account sufficient parking for proposed residents and would largely impact the congestion and accessibility.

This area has generally been known for its family friendly environment and considering there is already a large boarding house in the vicinity we think this would put unnecessary pressure on mobility and general enjoyment for the NB residents.

Thank you for considering our submission.
