**RE: REV2022/0024 - 394 Barrenjoey Road NEWPORT NSW 2106**

I am deeply disappointed that the first submission was knocked back by northern Beaches Council.

The development application along with the plans provides the community with a central functioning Surf club that benefits, all members and the community.

The current surf club does not currently support the ever growing needs of the members and community. Some examples include;

1. When the club was built, females were not allowed to be members. Currently female members make up nearly 50% of the population the female bathrooms are small in comparison to the male bathrooms iEvery morning after the ocean swim, the female bathrooms are crowded with little place to get changed and long, waiting time for a shower.
2. Our Kinghorn Academy athletes are one of the most successful in the country. These athletes train hard every day and are committed to doing the best for their club. Yet, currently they have to store their equipment in a container at the back of the club.
3. Twice a week members and guests gather at the bar to socialise and catch up. Currently there is no covered area outside which impacts the members during inclement weather.
4. The clubhouse is nearly 100 years old. Without this renovation, the building will continue to be more dilapidated and unusable by members and the community.
