Subject: REV2022/0004 16 Bangaroo Street North Balgowlah

I wish to declare my intention to raise an objection re the above application to develop a residential property into a childcare centre.

This application contains inconsistencies between documentation, reports and Management Plans. Additionally, plans are imprecise or lacking re Sound Barrier, Shadow plans, parking spaces, and Fire Evacuation pathways/escapes.

As it is unclear what the current applicant's proposal represents I cannot formulate my specific objections until the inconsistencies are corrected,

Similarly, I assume Council is also unable to assess this application due to the inconsistencies/incomplete information.

Regards,

Karis Khatchadourian
