Brookvale NSW 2100

RE: DA2021/2567 - 0 L Federal Parade BROOKVALE NSW 2100

I strongly object to this DA being approved. Living on Shackel Ave in regards to traffic, parking and associated stress is already at breaking point. I recommend Officers assessing this application visit the street of a morning, ie 7.30-8.30, but even more pertinent at 3.30-5pm weekdays. Traffic of an afternoon is banked up down Pine street trying to get out onto Victor Rd and then Warringah Rd - judging by the time of day - 3.30pm - P Plate drivers and Mums in 4 wheel drives with kids, they are majority from St Augustines. When the school has daytime events such as a Mothers Day mass this year, abt 9am - nightmare for residents. Road rage is a common thing, daily, near misses, and probably accidents. The traffic from the school is already unacceptable and this development will make it 100% worse. Not fair to residents all around Brookvale oval and adjacent streets, let alone traffic needing to drive through these areas. Please consider my objections as real - I am sure there are a lot of people living here, or most if not all, who would agree you only realise how bad it is here when you live here. Consequently there are always people moving out, its a thing in Shackel Avenue. Thank you for your consideration
