Subject: DA2023/0995 objection

Hi

I would like to register my opposition to the DA on Brighton St, Curl Curl. Having seen the severe impact of flooding in Brighton and surrounding streets in the past year (including the whole ground floor of a friend's house being submerged) I am extremely concerned about the impact on water flows in the area from a development like this. A recent large development in Waratah st caused flooding on Brighton st in a relatively mild weather event last year when mud clogged the drains and the water had nowhere to go. So, while I will be personally unaffected, it is understandable to me that residents in that area are extremely worried about the impact of a huge development like this on the water courses in this area. As such, I would like to register my opposition to this development.

Regards

Gillian
