Elanora Heights NSW 2101

RE: DA2023/0976 - 20 - 22 Macpherson Street WARRIEWOOD NSW 2102

This area, this street is already over populated..... we moved from this street for this reason 5yrs ago. You continually squeeze more and more and more dwellings into the smallest area or blade of grass with no thought of the community, only the money you can make from them with no thought to the infrastructure required and expect us to pay for it. This area now continually floods after little rain and is a no go zone for local traffic due to congestion already..... another 53 dwellings is not going to help this situation or the community. Are you aware this is a flood zone, wetlands..... when is enough, enough????
