Dear M/s Ryan,

DA2024/0984

I own and live in Unit 707 of Pacific Waves. I object to DA2024/0984

In my previous objection dated 19 January 2024 I anticipated further applications would be submitted to wear down Council and effected residents. I expect this latest variation will not be the last.

The peaceful enjoyment of my home, and that of my neighbours, will be negatively impacted unless the proposed addition of an outdoor terrace on Level 2 is fully enclosed and is subject to identical conditions relating to the operation of outdoor areas.

Kind regards,

Peter Keen
