RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

Once again the development proposal does not address the concerns of

- 1) Height of the multi-storey dwellings
 - 2) Congestion impacts placed on an already busy and dangerous intersection of Lockwood and Glen street
 - 3) limited parking spaces for the dwellings and commercial premises
 - 4) safety concerns for the aged, less mobile and children by increasing the traffic
- I oppose to the revised DA as it stands.

Regards

Robynne Fu
