**RE: DA2021/1311 - 1031 Barrenjoey Road PALM BEACH NSW 2108**

While I have no problem with the café operating during the day I feel any extension to its trading hours would adversely impact the lives of the many permanent residents that live within the surrounding area. I stay in Palm Beach on a regular basis to spend time with family, that live there all year round. Parking around the café is often difficult during the day with spaces only becoming available after closing, if the café was to extend its trading hours this would increase the difficulty of residents and visiting family to park further. I also feel that the noise level (which is audible throughout the day) would be come unbearable for those living near the café if it were to remain open into the evening.
