RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096

Lighting for extra use of sporting fields may be a reasonable idea, but the nightmare of parking needs a to be addressed first.

During the weekend sporting season the surrounding streets are packed with illegally parked cars that have no regard to safety and road rules. People constantly park me into my driveway with no way to reverse out.

Council needs to patrol these streets to make them safe, for everyone.
