**RE: DA2019/1190 - 9999 Pittwater Road BROOKVALE NSW 2100**

As a former Northern Beaches resident for the best part of 35 years, this development is long overdue!

On completion, the facilities provided will enable the Northern Beaches to remain home to one of the most successful NRL franchises in modern history. The facilities will also provide an attractive venue to other sporting codes including Super Rugby, A and W League and junior competitions in the local area to play/train from benefiting local businesses and residents alike.

The inclusion of female change rooms will encourage female participation across the sporting codes and go a long way to ensuring the growing professional female competitions, which are in their infancy to flourish in our area.

What a great achievement by the Northern Beaches Council if they can get this done! A boost for jobs and the local economy.
