COMMENTS.

I am unhappy with buying a home that is surrounded by bushland ~~and~~ and zoned non-urban, then finding one year later that hundreds of homes will be built here. This rezoning should have happened at the same time as the rest of the Warriewood Valley area - potential buyers could then make an informed decision about whether they wanted to live here.

Removing that bushland destroys the essence of the area; will create more traffic; is underserviced already by basic community infrastructure
