RE: DA2018/1924 - Forest Way FRENCHS FOREST NSW 2086

The updated traffic plan to not allow a Right Turn onto Forest Way and eventually close Russell Avenue altogether is completely unacceptable. This will significantly increase traffic onto Grace Avenue and other narrow back streets, that at times already struggle with low levels of local residential traffic.

It is difficult to understand how, particularly after the recent road upgrades in the area, that a development proposal of this nature does not feature a traffic plan that includes direct access to Forest Way.
