RE: DA2023/0172 - 7 Gladys Avenue FRENCHS FOREST NSW 2086

This is already a very busy street with visitors to the hospital and residents. Replacing 4 family homes with 30 x 3 bedroom townhouses without widening the road and allowing for extra visitor parking is not fair on everyone in the area.
The street has a very nasty blind curve and there are no pathways for pedestrians forcing them onto the street. Adding another 30plus vehicles will make this a very dangerous street to navigate.
