**Subject:** Objection to DA2025/0132 Macdonalds Manly Vale

Dear Council members,

I am writing to formally register my objections to the proposed development application DA2025/0132, which seeks approval for a new McDonald's in Balgowlah/Manly Vale.

As a local resident I believe that an additional drive through fast food establishment will negatively impact the community in several ways. These include:

- Poorer health outcomes and choices, particularly for our school students.
- Increased traffic and congestion in an already bad intersection.
- Increased rubbish and litter in surrounding areas.

Also there is already a KFC just up the road and various fast food outlets further up the road in Brookvale.

Kind regards,  
Janine Googan  
Campbell Parade resident
