RE: DA2024/1216 - Gourlay Avenue BALGOWLAH NSW 2093

This proposal in contemplating 25 and 32 metre berths in the head of North Harbour would severely degrade the visual character of this delightful bay as enjoyed by surrounding residents, walkers on the Manly to Spit wild and water users. Approval of this usage would be a major failure for the planning process.

I hope that the applicant will come to see promotion of free and open public access to and enjoyment of Sydney's waterways is in their ultimate best interest and adjust their plans to achieve these aims.
