Subject: DA2020/1027

Dear Council,

I live in Little Manly. I am writing to object to DA2020/1027.

This DA represents a proposal to overdevelop what should be a simple beach kiosk. The community does not need or want an expensive restaurant. This DA extends the footprint of the kiosk inappropriately. I am also upset at plans to restrict/lock off what is currently a pathway from one side of the walkway to the other.

I am further concerned that this development would lead to a request to serve alcohol, and this family/community beach should DEFINITELY NOT be a place where alcohol is served. During the day it would be inappropriate for the families who use the beach and Manly has more than enough drinking venues at night; we do not want to expand our drinking problem into residential neighbourhoods.

Please do not approve this DA.

Thank you.
