RE: DA2020/1233 - 68 - 90 Evans Street FRESHWATER NSW 2096

I am totally opposed to any more development on the Mounties Harbord Diggers site. I currently live in the Seniors Living facility, Watermark Freshwater and moved here to live for the rest of my life in peace and quiet in a secure environment with people I have come to know. The proposal to bring other members of the club and their guests into the village is a cause of great anxiety to me. I worry about the loss of privacy, an influx of strangers into our very limited outdoor space, in particular the threat to my personal security which I have very much valued since living here. This is my FOREVER HOME and the anxiety this is causing me is already effecting my health. The noise and loss of privacy to me and my fellow residents is unacceptable particularly as this is a seniors living environment. Please take my fears into account when assessing this inappropriate development proposal.
