Reasons for referral

This application seeks consent for Class 2-9 Buildings (i.e. all buildings except a dwelling, garage, shed, gazebo or swimming pool/spa) which include:

- Alterations and Additions; or
- Change of Use

And as such, Councils Building Assessment officers are required to consider the likely impacts.

Officer comments

The applicant proposes various amendments to specified conditions, Condition 87 'Fire Safety Matters', and 96 'Disabled Carparking ' amongst them.

Due to the nature of the development, the requested change to these conditions to enable phased occupation of the development is appropriate to link the condition to the Occupation Certificate for each relevant building rather than the entire development for Fire Safety matters and the FOC for Accessible parking requirements.

Accordingly, no objections to the proposed rewording to read '*prior to the issue of the Occupation*

Certificate for the relevant building' for condition 87; and *'prior to the issue of the Final Occupation Certificate'* for condition 96.
