Subject: Modification Application Objection for Pittwater RSL Markets
Attachments: Pittwater RSL Markets Lack of Social Distancing.pdf;

Please see attached for my objection submission for the attention of the Northern Beaches Council Planning Department for the Modification Application for the Pittwater RSL Markets.

The operator cannot operate the Markets properly now, the Modification Application must not be approved.

Yours Faithfully

➤ Attention: Northern Beaches Council Planning Department

**“No Corona Virus Here”
Sunday Markets
Pittwater R.S.L.**

Attached are photos, for the record, of the Markets Sunday 5th July 2020, operating with no provision for Social Distancing in this time of Corona Virus.

The stalls are set forward and together, forcing the public into a narrow corridor with no chance of Social Distancing.

On-site Parking of Trucks and Vans, behind the stalls contributes to the narrow public corridor.

The contempt this operator has for Social Distancing Requirements is frightening, and those in authority are put on notice to resolve this issue.

Yours faithfully

Phil Walker
