RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096

This is a wonderful proposal for our community and will ensure locals are able to access fresh and organic produce, which was previously available in Harbord Village but is not so now. This will also provide people with a community, family friendly market, which is sorely needed considering the recent closure of other markets.

This proposal would be a terrific asset to the Curl Curl and wider Northern Beaches community and I do not feel the concerns raised by some to be accurate or truthful. Harbord Bowling Club is a great community Club and I know it would ensure this proposal did not adversely affect its neighbours.

If approved, I very much look forward to visiting these markets.
