STRUCTURAL CERTIFICATE

CLIENT NAME : Mr Donald and Mrs Patricia Heath
PROJECT : Alter and addition new rear bathroom to existing dwelling
ADDRESS : 90 MacMillan St, Seaforth
DATE : 2 / 02/ 2016

This is to certify that I have inspected the rectification works of

- 1- Installation of new timber flooring with Hot tip galvanised metal piers at 1400cts.
- 2- Cutting brick wall and provide new opening into bathroom
- 3- Existing wall to be fixed to existing brickwall

The rectification works have been carried out satisfactorily and in accordance with my instructions before the start.

The basis on which this certificate is given and the extent to which relevant specifications, rules, codes of practice or other publications have been relied upon is as follows:

AS 2870 Residential Footings Code

AS 3600 Concrete Structures Code

AS 1170 Loading Code

If you have any question regarding the above please contact the writer.

With Regards,

Gabriel Alagha
