RE: DA2023/1224 62 Myoora Road TERREY HILLS NSW 2084

I am writing to complain about this DA submission i don't know how they think it's ok to have an exit onto Cooyong road. The proposed area is a horse pathway, plus there are numerous kids riding and walking to school using this road and for them to cross the road at currong circuit to get to the school with an exit right near the cross street it is an accident waiting to happen. The entry and exit points work where they are are why change them ?? Why not use mona vale road ??

The amount of traffic already using cooyong road as a main road, getting out of currong circuit is a nightmare now let alone having an exit there aswell.
