Subject: Mcdonalds DA2025/0132

Hi,

I would like to formally ***reject this application*** as its not a priority given the current housing crisis that exists in Australia. This land is prime for apartments and fits the needs of the local area.

We need places to live NOT more JUNK FOOD OUTLETS. It would be great if we can look at this from strategic long term point of view

The other item of note if the traffic in this area is already gridlocked at peak times and this will make this far worse.

I'm 500 -600 metres away, but for individuals that bought an apartment in good faith this will have a significant impact on them, House price depreciation, social issues and small to name a few

If you need more background please let me know

Kind regards'

Richard Taylor
