

Natural Environment Referral Response - Biodiversity

Application Number:	DA2019/0559
Responsible Officer	Benjamin Price
Land to be developed (Address):	Lot 37 DP 7090 , 10 The Esplanade NARRABEEN NSW

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

2101

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

This application has been assessed under Warringah DCP E2 Prescribed vegetation, E4 Wildlife corridors and E6 Retaining unique environmental features.

The proposal is for alterations and additions to the existing dwelling and construction of a secondary dwelling. No native trees are proposed to be removed. The works are proposed within already cleared mown lawn or terraced landscaping. No Landscape Plan was provided to support the application.

Council Natural Environment - Biodiversity section supports the application, subject to conditions.

Referral Body Recommendation

Recommended for approval, subject to conditions

Recommended Natural Environment Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

Preparation of Erosion and Sedimentation Control

An Erosion and Sediment Control Plan is to be prepared in accordance with Landcom's Managing Urban Stormwater: Soil and Construction Manual (2004) by a suitably qualified engineer and submitted to the Principal Certifying Authority prior to the issue of the Construction Certificate.

Reason: To protect natural features and habitats in accordance with relevant Natural Environment LEP/DCP controls

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE

OCCUPATION CERTIFICATE

New vegetation planting

Prior to the issue of any Occupation Certificate, evidence that any new vegetation planting comprises a minimum of 60% locally native vegetation species (as per species listed in the Native Gardening Booklet available on Councils website) is to be provided to the Principal Certifying Authority.

Reason: To maintain native vegetation in accordance with relevant Natural Environment LEP/DCP controls.

Implementation of Erosion and Sediment Control Plan

The Erosion and Sediment Control Plan is to be fully implemented and measures are to remain in effective operation until all development activities have been completed and the site fully stabilised. Evidence of compliance is to be certified by a suitably qualified engineer and submitted to the Principal Certifying Authority prior to the issue of any Occupation Certificate.

Reason: To protect natural features and habitats in accordance with relevant Natural Environment LEP/DCP controls

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

Control of Weeds

Prior to the completion of works, all priority weeds (as listed under the Biosecurity Act 2015) are to be removed/controlled within the subject site using an appropriately registered control method. Information on weeds of the Northern Beaches can be found at the NSW WeedWise website (http://weeds.dpi.nsw.gov.au/). All environmental weeds are to be removed and controlled. Refer to Council website http://www.pittwater.nsw.gov.au/environment/noxious_weeds

Reason: Weed management.

No Planting Environmental Weeds

No environmental weeds are to be planted on the site. Information on weeds of the Northern Beaches can be found at the NSW WeedWise website (http://weeds.dpi.nsw.gov.au/).

Reason: Weed management.

Works to cease if item found

If any Aboriginal Engravings or Relics are unearthed all work is to cease immediately and the Aboriginal Heritage Office (AHO) and Office of Environment and Heritage (OEH) are to be notified.

Reason: To protect Aboriginal Heritage.

Dead or Injured Wildlife

If construction activity associated with this development results in injury or death of a native mammal, bird, reptile or amphibian, a registered wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To mitigate potential impacts to native wildlife resulting from construction activity.
