

## NOTICE OF DETERMINATION

**Application Number:** DA2011/0628

### APPLICATION DETAILS

**Applicant Name and Address:** Boston Blyth Fleming Pty Ltd  
1/9 Narabang Way  
BELROSE NSW 2085

**Land to be developed (Address):** Lot 2414 in DP 752038, No. 19 Morgan Road BELROSE  
NSW 2085

**Proposed Development:** Construction of a dwelling house

### DETERMINATION - APPROVED

**Made on (Date):** 23 April 2012

**Consent to operate from (Date):** 23 April 2012

**Consent to lapse on (Date):** 23 April 2017

### Details of Conditions

The conditions, which have been applied to the consent, aim to ensure that the Environmental Impacts of Development are minimised and the Health and Safety of the community is maintained in accordance with the relevant standards and the Building Code of Australia.

### Note:

If the works are to be certified by a Private Certifying Authority, then it is the certifier's responsibility to ensure all outstanding fees and bonds have been paid to Council prior to the issue of the Construction Certificate or as otherwise specified by Consent conditions.

## GENERAL CONDITIONS

### CONDITIONS THAT IDENTIFY APPROVED PLANS

#### 1. Approved Plans and Supporting Documentation

The development must be carried out in compliance (except as amended by any other condition of consent) with the following:

Architectural Plans - Endorsed with Council's stamp		
Drawing No.	Dated	Prepared By
60 REV A Proposed Residence	November 2010	Pacific Plans

Reports/Documentation		
Report	Dated	Prepared By
Bushfire Risk Assessment	21 October 2010	Planning for Bushfire Protection Pty Ltd
Flora and Fauna Assessment, Impact of Proposed Development	21 January 2011	Footprint Green Pty Ltd
On-site Wastewater Management Report	5 January 2010	Envirotech Pty Ltd
Any documentation submitted (and endorsed by Council) to satisfy a Deferred Commencement Condition requirement is to be fully complied with.		

No construction works (including excavation) shall be undertaken prior to the release of the Construction Certificate.

The development is to be undertaken generally in accordance with the following:

**Reason:** To ensure the work is carried out in accordance with the determination of Council and approved plans. (DACPLB01)

#### 2. Compliance with External Department, Authority or Service Requirements

The development must be carried out in compliance with the following:

External Department, Authority or Service	E-Services Reference	Dated
Ausgrid	Referral Response - Ausgrid	24/05/2011
Aboriginal Heritage Office	Referral Response – Aboriginal Heritage	23/05/2011

(**Note:** For a copy of the above referenced document/s, please see Council's 'E-Services' system at [www.warringah.nsw.gov.au](http://www.warringah.nsw.gov.au))

**Reason:** To ensure the work is carried out in accordance with the determination and the statutory requirements of External Department, Authority or Bodies. (DACPLB02)

#### 3. Prescribed Conditions

- (a) All building works must be carried out in accordance with the requirements of the Building Code of Australia (BCA).
- (b) BASIX affected development must comply with the schedule of BASIX commitments specified within the submitted BASIX Certificate (demonstrated compliance upon plans/specifications is required prior to the issue of the Construction Certificate);
- (c) A sign must be erected in a prominent position on any site on which building work, subdivision work or demolition work is being carried out:
  - (i) showing the name, address and telephone number of the Principal Certifying Authority for the work, and
  - (ii) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
  - (iii) stating that unauthorised entry to the work site is prohibited.

Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.

- (d) Residential building work within the meaning of the Home Building Act 1989 must not be carried out unless the Principal Certifying Authority for the development to which the work relates (not being the Council) has given the Council written notice of the following information:
  - (i) in the case of work for which a principal contractor is required to be appointed:
    - A. the name and licence number of the principal contractor, and
    - B. the name of the insurer by which the work is insured under Part 6 of that Act,
  - (ii) in the case of work to be done by an owner-builder:
    - A. the name of the owner-builder, and
    - B. if the owner-builder is required to hold an owner-builder permit under that Act, the number of the owner-builder permit.

If arrangements for doing the residential building work are changed while the work is in progress so that the information notified under becomes out of date, further work must not be carried out unless the Principal Certifying Authority for the development to which the work relates (not being the Council) has given the Council written notice of the updated information.

- (e) Development that involves an excavation that extends below the level of the base of the footings of a building on adjoining land, the person having the benefit of the development consent must, at the person's own expense:
  - (i) protect and support the adjoining premises from possible damage from the excavation, and
  - (ii) where necessary, underpin the adjoining premises to prevent any such damage.
  - (iii) must, at least 7 days before excavating below the level of the base of the footings of a building on an adjoining allotment of land, give notice of intention to do so to the owner of the adjoining allotment of land and furnish particulars of the excavation to the owner of the building being erected or demolished.
  - (iv) the owner of the adjoining allotment of land is not liable for any part of the cost of work carried out for the purposes of this clause, whether carried out on the allotment of land being excavated or on the adjoining allotment of land.

In this clause, allotment of land includes a public road and any other public place.

**Reason:** Legislative Requirement. (DACPLB09)

#### **4. General Requirements**

- (a) Unless authorised by Council:

Building construction and delivery of material hours are restricted to:

7.00 am to 5.00 pm inclusive Monday to Friday  
8.00 am to 1.00 pm inclusive on Saturday,  
No work on Sundays and Public Holidays.

Demolition and excavation works are restricted to:

8.00 am to 5.00 pm Monday to Friday only.

(Excavation work includes the use of any excavation machinery and the use of jackhammers, rock breakers, excavators, loaders and the like, regardless of whether the activities disturb or alter the natural state of the existing ground stratum or are breaking up/removing materials from the site).

- (b) At all times after the submission the Notice of Commencement to Council, a copy of the Development Consent and Construction Certificate is to remain onsite at all times until the issue of a final Occupation Certificate. The consent shall be available for perusal of any Authorised Officer.
- (c) Where demolition works have been completed and new construction works have not commenced within 4 weeks of the completion of the demolition works that area affected by the demolition works shall be fully stabilised and the site must be maintained in a safe and clean state until such time as new construction works commence.
- (d) Onsite toilet facilities (being either connected to the sewer or an accredited sewer management facility) for workers are to be provided for construction sites at a rate of 1 per 20 persons.
- (e) Prior to the release of the Construction Certificate payment of the Long Service Levy is required. This payment can be made at Council or to the Long Services Payments Corporation. Payment is not required where the value of the works is less than \$25,000. The Long Service Levy is calculated on 0.35% of the building and construction work. The levy rate and level in which it applies is subject to legislative change. The applicable fee at the time of payment of the Long Service Levy will apply.
- (f) Smoke alarms are to be installed throughout all new and existing portions of any Class 1a building in accordance with the Building Code of Australia prior to the occupation of the new works.
- (g) The applicant shall bear the cost of all works associated with the development that occurs on Council's property.
- (h) No building, demolition, excavation or material of any nature shall be placed on Council's footpaths, roadways, parks or grass verges without Council Approval.
- (i) All sound producing plant, equipment, machinery or fittings will not exceed more than 5dB(A) above the background level when measured from any property boundary and will comply with the Environment Protection Authority's NSW Industrial Noise Policy. )

- (j) No trees or native shrubs or understorey vegetation on public property (footpaths, roads, reserves, etc.) shall be removed or damaged during construction unless specifically approved in this consent including for the erection of any fences, hoardings or other temporary works.

**Reason:** To ensure that works do not interfere with reasonable amenity expectations of residents and the community. (DACPLB10)

#### 5. Works within the road reserve subject to Part 5 Assessment

If any works are required to the unsealed roadway for vehicle access, the applicant shall comply with the requirements of Part 5 of the Environmental Planning and Assessment Act 1979 for environmental impact assessment.

**Reason:** To ensure the environmental integrity of the flora and fauna within and adjacent to the roadway

### CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

#### 6. Section 94A Contributions

The Section 94A Contributions are required to be paid for this development. This amount has been calculated using the Warringah Section 94A Development Contributions Plan. The amount will be adjusted at the time of payment according to the quarterly CPI (Sydney - All Groups Index).

The basis for the contributions is as follows:

Warringah Section 94A Development Contributions Plan		
Contribution based on total development cost of		\$ 451,500.00
Contribution - all parts Warringah	Levy Rate	Contribution Payable
Total S94A Levy	0.95%	4,289.25
S94A Planning and Administration	0.05%	225.75
<b>Total</b>	<b>1.0%</b>	<b>\$4,515</b>

Details demonstrating payment are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** To retain a level of service for the existing population and to provide the same level of service for the population resulting from new development. (DACPLC01)

#### 7. Compliance with Standards

The development is required to be carried out in accordance with all relevant Australian Standards.

Details demonstrating compliance with the relevant Australian Standard are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** To ensure the development is constructed in accordance with appropriate standards. (DACPLC02)

**Advice to Applicants:** At the time of determination in the opinion of Council, the following (but not limited to) Australian Standards are considered to be appropriate:

- (a) AS 4373 - 2007 'Pruning of amenity trees' (Note: if approval is granted) \*\*
- (b) AS 4970 - 2009 'Protection of trees on development sites' \*\*
- (c) AS/NZS 2890.1:2004 Parking facilities - Off-street car parking \*\*
- (d) AS 2890.2 - 2002 Parking facilities - Off-street commercial vehicle facilities \*\*
- (e) AS 1742 Set - 2010 Manual of uniform traffic control devices Set \*\*
- (f) AS 1428.1 - 2009\* Design for access and mobility - General requirements for access - New building work \*\*
- (g) AS 1428.2 - 1992\*, Design for access and mobility - Enhanced and additional requirements - Buildings and facilities \*\*

**\*Note:** The Australian Human Rights Commission provides useful information and a guide relating to building accessibility entitled "the good the bad and the ugly: Design and construction for access". This information is available on the Australian Human Rights Commission website [http://www.humanrights.gov.au/disability\\_rights/buildings/good.htm](http://www.humanrights.gov.au/disability_rights/buildings/good.htm)

**\*\*Note:** the listed Australian Standards is not exhaustive and it is the responsibility of the applicant and the Certifying Authority to ensure compliance with this condition and that the relevant Australian Standards are adhered to.

## 8. External Colours and Materials (Dwellings)

### External Roofing

The external finish to the roof shall have a medium to dark range in order to minimise solar reflections to neighbouring properties. Light colours such as off white, cream, silver or light grey colours are not permitted.

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** To ensure that excessive glare or reflectivity nuisance from glazing does not occur as a result of the development. (DACPLC03)

## 9. Sewer/Water Quickcheck

The approved plans must be submitted to a Sydney Water Quick Check agent or Customer Centre prior to works commencing to determine whether the development will affect any Sydney Water asset's sewer and water mains, stormwater drains and/or easement, and if further requirements need to be met. Plans will be appropriately stamped.

Please refer to the website [www.sydneywater.com.au](http://www.sydneywater.com.au) for:

- Quick Check agents details - see Building Developing and Plumbing then Quick Check; and
- Guidelines for Building Over/Adjacent to Sydney Water Assets - see Building Developing and Plumbing then Building and Renovating.
- Or telephone 13 20 92.

**Reason:** To ensure compliance with the statutory requirements of Sydney Water. (DACPLC12)

## 10. Construction Management Program

A Construction Management Program shall be prepared which includes the following:

- (a) The proposed method of accessing and egressing, the loading and unloading, demolition, excavation and construction machinery, excavation and building materials, formwork and

the erection of any part of the structure within the site. Wherever possible mobile cranes should be located wholly within the site.

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** To ensure appropriate measures have been considered for site access, storage and the operation of the site during all phases of the construction process in a manner that respects adjoining owner's property rights and protects amenity in the locality, without unreasonable inconvenience to the community or impacting upon the natural environment. (DACPLC13)

#### **11. Landscaping**

All plants used in the landscaping for this development must be grown from local provenance seed and cuttings as per the species list or consist of non-invasive exotic varieties.

Species lists are available at:

[www.warringah.nsw.gov.au/plan\\_dev/VegetationCommunitySpeciesList.aspx](http://www.warringah.nsw.gov.au/plan_dev/VegetationCommunitySpeciesList.aspx)

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** To ensure compliance with the requirements of the Threatened Species Conservation Act 1995 (DACNEC01)

#### **12. Project Ecologist**

Prior to any works being undertaken on site, a Project Ecologist is to be engaged for the duration of the onsite works and issue compliance certification as per the requirements of this consent.

The Project Ecologist is to be engaged as required by this consent and associated documentation to ensure all conditions relating to the development of the property are fully implemented and complied with at all times.

The Project Ecologist shall meet the following minimum requirements:-

- A vegetation management specialist with at least 4 years experience in the management of native bushland in the Sydney region; and
- TAFE Certificate III in Bush Regeneration or Conservation and Land Management - Natural Area Restoration
- A member of the Ecological Consultants Association of NSW Inc.

Details demonstrating compliance is to be submitted to the Certifying Authority prior to commencement.

**Reason:** To ensure bushland management (DACNEC07)

#### **13. Approval to Install the On-site Sewage Management System**

Prior to the release of the Construction Certificate, the applicant must obtain an 'Approval to Install an On Site Sewage Management System' from Council.

**Reason:** To fulfil the requirements under Section 68 of the Local Government Act 1993.

#### **14. Trees and / or Landscaping**

In order to protect and enhance onsite vegetation and trees the following applies to the development site:

Existing trees which must be retained

- All trees located outside the approved works

Tree protection to be in accordance with AS 4970-2009 Protection of trees on development sites

**Reason:** To ensure compliance with the requirement to retain and protect significant planting on the site. (DACLAC01)

**15. Vehicular access**

Prior to the issue of the Construction Certificate, the applicant is to provide written evidence to the Certifying Authority from the owner/road authority of the road reserve that it is satisfied with any proposed vehicular access to the subject site.

**Reason:** To ensure vehicle access is obtained.

**CONDITIONS THAT MUST BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK**

**16. Installation and Maintenance of Sediment Control**

Measures used for erosion and sediment control on building sites are to be adequately maintained at all times and must be installed in accordance with Warringah Council Specifications for Erosion and Sediment Control. All measures shall remain in proper operation until all development activities have been completed and the site fully stabilised.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority.

**Reason:** To protect the environment from the effects of sedimentation and erosion from development sites. (DACPLE02)

**17. Exotic Plant Species/Weeds**

All exotic plant species, noxious and environmental weeds are to be managed continuously and are not to be imported to the site. Further information is available on Warringah Council's website.

Only certified weed free and contaminant free mulch is to be used on the site, as they may contain weed seeds and viable vegetative matter and other contaminants, which may impact adversely on the vegetation, soil, water quality or ecology of the site.

**Reason:** To ensure bushland and riparian management (DACNEE02)

**18. Hygiene during Soil Translocation**

The Project Ecologist must inspect and certify that all trucks and machinery are cleaned before entering the donor site, and checked again to ensure that machinery is clean before entering the recipient site, for each truck movement.

All workers and vehicles involved with the soil seedbank translocation and weed management must undertake hygiene protocols as set out in the *Phytophthora cinnamomi* fact sheet produced by the Royal Botanic Gardens.

Details prepared by the project ecologist in writing demonstrating compliance are to be submitted to the Principal Certifying Authority.

**Reason:** Elimination of diseases during translocation (DACNEE05)

## **CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO ISSUE OF OCCUPATION CERTIFICATE**

### **19. House/Building Number**

House/building number is to be affixed to the building to be readily visible from Morgan Road.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim/final Occupation Certificate.

**Reason:** Proper identification of buildings. (DACPLF04)

### **20. Sydney Water**

A Section 73 Compliance Certificate under the Sydney Water Act 1994 must be obtained from Sydney Water Corporation.

Application must be made through an authorised Water Servicing Co-ordinator. Please refer to the Building Developing and Plumbing section of the web site [www.sydneywater.com.au](http://www.sydneywater.com.au) then refer to "Water Servicing Coordinator" under "Developing Your Land" or telephone 13 20 92 for assistance.

Following application a "Notice of Requirements" will advise of water and sewer infrastructure to be built and charges to be paid. Please make early contact with the Co-ordinator, since building of water/sewer infrastructure can be time consuming and may impact on other services and building, driveway or landscape design.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

**Reason:** To ensure compliance with the statutory requirements of Sydney Water. (DACPLF08)

### **21. Stormwater Disposal**

The stormwater drainage works shall be certified as compliant with all relevant Australian Standards and Codes by a suitably qualified person.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

(Note: The following Standards and Codes applied at the time of determination:

- a) Australian/New Zealand Standard AS/NZS 3500.3:2003 - Plumbing and drainage - Stormwater drainage
- b) Australian/New Zealand Standard AS/NZS 3500.3:2003/Amdt 1:2006 - Plumbing and drainage - Stormwater drainage
- c) National Plumbing and Drainage Code.)

**Reason:** To ensure appropriate provision for the disposal of stormwater arising from the development. (DACENF05)

## **22. Vehicular access**

Vehicle access is to be provided to the site in accordance with the requirements of the land owner of the road reserve/road authority.

Details demonstrating compliance shall be submitted to the Principle Certifying Authority prior to the issuing of an interim/final Occupation Certificate.

**Reason:** To ensure vehicle access is obtained.

## **23. Fauna and Tree Hollow re-location**

During any vegetation clearance the Project Ecologist is to be present to supervise the relocation of any displaced fauna that may be disturbed during this activity.

Tree hollows are to be salvaged from trees within the development area and placed within the Conservation Areas within the Lots. This is to be done by a qualified and experienced arborist, under the direction of the Project Ecologist.

A certificate demonstrating compliance including details of relocated fauna must be prepared by the Project Ecologist and submitted to the Certifying Authority and Council prior to the issue of the Occupation Certificate.

**Reason:** To ensure bushland management in accordance with Local Habitat Strategy 2007 (DACNEE01)

## **ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES**

## **24. Fertiliser**

No fertilisers are to be spread on any portion of any Lot at any time.

**Reason:** To ensure bushland and riparian zone management (DACNEG01)

### **Right to Review by the Council**

You may request Council review the determination of the application under Section 82A of the Environmental Planning & Assessment Act 1979 if it is NOT integrated or designated development. Any request to review the application must be made and determined within 6 months from the date of determination.

**Note:** A fee will apply for any request to review the determination.

### **Right of Appeal**

If you are dissatisfied with this decision Section 97 of the Environmental Planning & Assessment Act 1979 may give you the right to appeal to the Land and Environment Court within 6 months after the date on which you receive this notice.

**Signed** on behalf of the consent authority

# Notice of Determination

## Advisory Notes (General)

### Where are you in the development process?

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team..

Warringah Council

### **General Advice**

The attached Notice of Determination includes conditions of consent which must be complied with.

*(Note: A failure to comply is a serious breach of the Environmental Planning & Assessment Act 1979 which attracts penalties and may also result in legal action being taken, and orders for demolition.)*

### **Building Certification**

The Environmental Planning and Assessment Act 1979 provides that:

- Building work cannot occur unless a construction certificate has been issued;
- Occupation of building works cannot occur unless an occupation certificate has been issued
- Subdivision cannot be registered until a subdivision certificate has been issued
- Mandatory Inspection for building work must be completed

Please refer to process chart for more detail.

*(Note: A failure to gain approval prior to the works being carried out is a serious breach of the Environmental Planning & Assessment Act 1979 which attracts penalties and may also result in legal action being taken, and orders for demolition.)*

### **Certification Services**

Construction Certificates / Occupation Certificate / Subdivision Certificates / Strata Certificate, can be issued by Council or an accredited private certifier (Note Council must be the Principal Certifying Authority (PCA) for subdivisions).

Council is well placed to provide Certification Services. Council can issue Construction Certificates and act as your Principle Certifying Authority at competitive rates. Please visit our web site [www.warringah.nsw.gov.au](http://www.warringah.nsw.gov.au) or speak to our Customer Service Officers if you have any further questions about our Certification Services or if you wish to use Council as your certifier.

### **Charges Associated with the Development Consent**

All bonds, fees, (s94A) Development Contributions, Long Service Levy detailed within the Notice of Determination are required to be paid prior to the issuing of any Construction Certificate.

### **Acceptable Form of Security Bonds**

Council will accept bank guarantee (in a form acceptable to Council) in lieu of cash and is required prior to the issue of a construction certificate.

### **Modifications to the consent**

If you seek to make any changes to the development (which may include internal / external configuration of the building, variation to facades, site layout or any changes to the proposed operation or use), the modifications *will* require the submission and approval of an application to modify the development consent prior to the issuing of a Construction Certificate and prior to the works being carried out.

*(Note: A failure to gain approval prior to the works being carried out is a serious breach of the Environmental Planning & Assessment Act 1979 which attracts penalties and may also result in legal action being taken, and orders for demolition.)*

### **Other Matters not detailed within the Notice of Determination**

The Notice of Determination does not stipulate every requirement that must be completed to satisfy New South Wales and Commonwealth legislation.

You should check, as may be relevant, with other authorities including but not limited to:

- ☐ Workcover NSW for work safety and asbestos requirements
- ☐ Sydney Water – Quick Check Agent for the provision of water and sewer services
- ☐ Energy & Gas suppliers for utility services
- ☐ Department of Fair Trading for advice about builders and licensing
- ☐ Building Professionals Board for advice about private certifiers
- ☐ NSW Roads and Traffic Authority for works on state roads only

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team.

Warringah Council

- ☐ *Human Rights and Equal Opportunity Commission* for access issues
- ☐ *NSW Land and Property Information Service* for Land Title matters
- ☐ *Australia Post* for the positioning and dimensions of mail boxes in new commercial and residential developments;

### **Aboriginal Heritage**

If in undertaking excavation or works and any Aboriginal site or object is, or is thought to have been found, all works are to cease immediately and the applicant is to contact the Aboriginal Heritage Officer for Warringah Council, and the Cultural Heritage Division of the Department of Environment and Climate Change (DECC).

### **On-Site Sewage Management System**

This approval does not authorise the installation or operation of a new or modification of an existing on-site wastewater management system. An On-Site Sewage Management System must not be installed or operated unless an 'Approval to Install an On Site Sewage Management System' is obtained from Warringah Council.

### **Cost of Works**

The applicant shall bear the cost of all works associated with the development that occurs on Council's property.

### **Relocation of stormwater drainage**

Council is not responsible for the cost of relocating Council's stormwater drainage pipes through the subject property.

### **Tree preservation**

Where tree work has not been approved by this Development Consent the developer is notified that a general Tree Preservation Order applies to all trees in the Warringah Local Government Area. This order prohibits the ringbarking, cutting down, topping, lopping, pruning, transplanting, injuring, or wilful destruction of such trees except without the prior written consent of Council.

### **Storage bins on footpath and roadway**

Approval is required from Council prior to the placement of any storage bin on Council's footpath and/or roadway.

### **Protection of Public Places**

- (1) If the work involved in the erection or demolition of a building:
  - (a) is likely to cause pedestrian or vehicular traffic in a public place to be obstructed or rendered inconvenient; or
  - (b) building involves the enclosure of a public place,

a hoarding and site fencing must be erected between the work site and the public place.

- (2) If necessary, an awning is to be erected, sufficient to prevent any substance from, or in connection with, the work falling into the public place.
- (3) The work site must be kept lit between sunset and sunrise if it is likely to be hazardous to persons in the public place.
- (4) Any such hoarding, fence or awning is to be removed when the work has been completed.

Warringah Council

(5) No access across public reserves or parks is permitted.

**Note: Prior to the erection of any temporary fence or hoarding over property owned or managed by Council, written approval must be obtained.**

### **Road Opening Permit**

The developer/applicant is to obtain a "Road Opening Permit" from Council and pay all appropriate charges prior to commencement of any work on Council property. The developer/applicant shall be responsible for all public utilities and services in the area of the work, and as such shall notify all relevant Authorities, and bear all costs associated with any repairs and/or adjustments as those Authorities may deem necessary.

### **Special Permits**

Unless otherwise specifically approved in writing by Council, all works, processes, storage of materials, loading and unloading associated with the development are to occur entirely on the property. The applicant, owner or builder must apply for specific permits available from Council. A minimum of forty-eight (48) hours notice is required for all permits except work zones, which may require additional assessment time.

- ☐ **Permit for on-street mobile plant**  
Restrictions apply to the hours of operation and the area of operation for on street mobile plant equipment (for example cranes, concrete pumps, cherry pickers). Separate permits are required for each occasion and each piece of equipment. It is the responsibility of the applicant, owner and builder to take whatever steps are necessary to ensure that the use of any equipment does not violate adjoining property owner's rights.
- ☐ **Hoarding Permit**  
Permits are required to erect Class A, Class B and Class C hoardings. If an 'A' Class hoarding is to alienate a section of Council's property, that section will require a permit for the occupation of Council's property.
- ☐ **Storage of building materials and building waste containers (skips) on Council's property**  
Permits to utilise Council property for the storage of building materials and building waste containers (skips) are required for each location. Failure to obtain the relevant permits will result in the building materials or building waste containers (skips) being impounded by Council with no additional notice being given.
- ☐ **Kerbside restrictions, work zones**  
Existing kerbside restrictions apply. An application must be made to Council for the alteration of existing kerbside restrictions or the provision of a construction zone.

Other permits may include out of construction hours permits.

### **Requirement to Notify about New Contamination Evidence**

Any new information revealed during works that has the potential to alter previous conclusions about site contamination or hazardous materials shall be immediately notified to Council and the Principal Certifying Authority.

### **Utility Service Requirements**

Where development requires the installation of, or the relocation of utility services being (but not limited to) gas, water, electricity and telecommunications, the installation of, or the relocation of utility services shall be conducted in accordance with the requirements of the relevant service provider / authority (unless stipulated by any other condition of the consent or will result in damage to threatened or endangered species defined under the Threatened Species Conservation Act).

### **Plant & Equipment Kept Within Site**

All plant and equipment used in the erection of the building, including concrete pumps, wagons, lifts, mobile cranes, etc, shall be situated within the boundaries of the site and so placed that all concrete slurry, water, debris and the like shall be discharged onto the building site, and is to be contained within the site boundaries. This does not prevent any requirement to comply with the Protection of the Environment Operations Act.

### **Lighting**

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team.

Warringham Council

Illumination of the site is to be arranged in accordance with the requirements of Australian Standard 4282 - 1997 Control of the obtrusive effects of outdoor lighting so as not to impact upon the amenity of the occupants of adjoining and nearby residential premises.

### **Other Matters**

#### **Wheel washing facility**

All trucks leaving the site, having had access to unpaved or contaminated areas, shall depart via a wheel wash facility in order to prevent mud, dust or debris from being deposited on Council's roads. The wheel wash facility shall be constructed prior to any truck movements occurring. Water from the wheel wash facility must not cause pollution. Any direction of Council with regard to cleaning trucks or the clean up of road pavements adjoining the site shall be complied with immediately.

#### **Monitoring State of Roadways**

The applicant shall monitor the state of roadways leading to and from the site and shall take all necessary steps to clean up any adversely impacted road pavements as directed by Council.

#### **Noise and Vibration**

The premises, including operation of vehicles, shall be conducted so as to avoid offensive noise or vibration and cause no interference to adjoining or nearby occupants. Special precautions must be taken to avoid nuisance in neighbouring residential areas, particularly from machinery, vehicles, warning sirens, public address systems and the like.
