RE: Mod2020/0049 - 98 Cutler Road CLONTARF NSW 2093

I have spoken with Peter Bowes regarding the fact that the Privacy Screens as per the original approved DA are not depicted on the new plans and he confirmed this was an oversight which he would take up with Arclab.

Specifically East Elevations Modifications 15 and 22 and obscure glass on 14 and 12 Aluminium vertical blind system is missing as per original DA for the north east corner of the house. I am supportive of of the other modifications.
