RE: DA2022/0469 - 1102 Barrenjoey Road PALM BEACH NSW 2108

I wish to object to the submitted building for 1002 Barrenjoey Rd Palm Beach. The building is too bulky for the site - it covers the whole of the designated area. It appears to be over the height limit - certainly in comparison to Barrenjoey House. One would have thought there would be no need for a second floor of apartments. Parking is always an issue with the car park already full with ferry passengers, people living across Pittwater and Barrenjoey House patrons
