RE: DA2020/0514 - 1 B Bolingbroke Parade FAIRLIGHT NSW 2094

Dear Assessing Officer

I would like to support the Many Boatshed application for alterations and additions to the existing boat shed and marina as detailed in the development application.

I believe that this new facility will benefit the local community by providing a tranquil gathering place to socialize with like minded people such as walkers, kayakers, SUPers and local families with young children etc.

I believe that the proposal to close down the slipway will greatly enhance the premises and surrounding area by eliminating industrial noise and solvent smells from paints etc, support cleaner waterways and improve visual aesthetics from both on and off the water.

My wife and I would welcome a coffee stop at this location along the walking track as it offers a tranquil alternative to the only other coffee shop in the area and the busy Manly area.

I believe that the development of this facility will be great for the local community and residents and fully support the DA as submitted.

Regards,
Ed Darmanin
