**RE: DA2019/0505 - 876 Pittwater Road DEE WHY NSW 2099**

This proposed building is of great concern to me.

The Meriton project has ruined much of what living in this apartment had to offer me.

In winter the apartment is now freezing cold. We can no longer grow any plants on the balcony as no sun.

Traffic is horrendous.

I have cracks on my front balcony. I have ingrained dust and filthy windows. I have approached Meriton personally about these things. They said they will call and never do.

Most concerning is the fact the new building will be 2 levels below ours. We experienced major water problems from Meriton. What will this do to us?

We don't want to be another apartment block evacuated.

This should not go ahead!!!
