Subject: Submission re Application 2020/0824

Somerville Place is a narrow lane converted to one way Traffic last year after many years of requests and finally a meeting with CEO of NBC. With the construction of new shop top housing which will back onto the lane it is essential that the lane remains one way traffic and is upgraded for safety reasons as 2 cars cannot pass and there is significant pedestrian traffic with no footpath.

Gail Hennessy 333 Condamine St.
