Subject: OBJECTION TO DAYCARE CENTRE 11 Lewis Street, Balgowlah Heights
(DA2020/1758)

Dear Sir,

I am writing to you re my concern re the above.

What with Balgowlah Heights Public school on one side and the pre-school on the other, already the traffic, pedestrians and parking issues at peak times are a worry.

Adding to this is the DA's proposal to build an underground carpark which would involve driving directly across the footpath where people walk to and from school and local children use this area to cycle along outside school hours.

I feel that you should be aware of the significant safety risk posed by this development and I'd hope that you will look at the proposed application as soon as possible, given that the deadline for responses is 27 January.

Thanking you for your time,

Sincerely

Gai Cooper
Resident of Balagowlah Heights
