EUROLA

LEADERS IN RETRACTABLE
WEATHER SMART SYSTEMS

The Star Pergola offers high quality aluminium alloy which provides long-term strength and durability for all year enjoyment. Offering architectural form and function to any outdoor setting, the Star retractable pergola features Somfy motors & remote system, 316 stainless steel parts, electrostatic powder coating / lacquer suitable for marine environments, and much more. Star Retractable Pergolas/ Roofing systems are an intelligent all-in one solution for heat, rain, and light control, while adding architectural style to your home.

Measurements Spans

Single Module System – maximum width 7000mm x 13000mm projection
 Double Module System – maximum width 11000mm x 13000mm projection
 Triple Module System – maximum width 15000mm x 13000mm projection

Rafter Sizes

120mm x 70mm Rafters with Patented Keyway Technology
 160mm x 85mm Rafters with Patented Keyway Technology
 180mm x 100mm Rafters with Patented Keyway Technology

Cross Bar Support Battens

Leading and rear battens 90mm x 70mm
 Intermediate battens 43mm x 70mm

Support Frames with Integrated Guttering

Aluminium Support Frame with 100mm x 100mm posts and 120mm x 100mm Gutter Beam
 Aluminium Support Frame with 120mm x 120mm posts and 160mm x 120mm Gutter Beam

Operation

Somfy Motorisation with Remote Control or Hard Wired Wall Switch

Waterproof Membrane Fabric

Sattler HighTex Colour Range
 Serge Ferrari Range

Powder Coating

Custom Powder Coating to any standard Dulux or Duralloy colour

Hardware

Marine Grade 6061 Structural Aluminium Extrusions
 Marine Grade 316 Stainless Steel Components
 Marine Grade Stainless Steel 316 Track Runners & all Brackets
 High Pressure Aluminium Die Cast Rafter End Caps

Polymere Endcaps & Component Colours

UV Treated and hardened Polymere Endcaps
 Colours Available: White, Cream, Light Grey, Dark Grey, Brown, Black

Unit Drive Train

Continuous 75mm Tube with discreet side mount tubular motor

Optional Available Extras

Somfy Sun, Wind and Rain Sensors, LED remote dimmer
 Upgradable Somfy Remote Control systems
 Integrated Guttering and Drainage
 Integrated HiTek LED Lighting with warm or cool white colour options
 Remote control upgrades available for multi channel and wall mounted options
 Dual Somfy Motorisation for larger systems.
 Timber cladding options available
 Protective Roof Cover when system is in retracted position

PANORAMA

EUROLA

LEADERS IN RETRACTABLE
WEATHER SMART SYSTEMS

Panorama is a mobile glass system which operates vertically. Panorama converts open air area into a much more enjoyable place to make people happier.

The use of traditional retractable glass solutions disturb the integrity between indoor and outdoor. To ensure integrity between indoor and outdoor, HUUN presents outstanding and aesthetic solutions under the name of Panorama.

The system is motorized and makes vertical glass movements inside side rails and can be controlled via wall switch remote controls and even our home utimation system. Panorama gives full control to the user while keeping glasses at any height which the user desires. Thus, Panorama offers more fresh air, larger indoor space, brighter daylight and in total, a much more enjoyable place.

Measurements Spans

Maximum Width of 4000mm
 Maximum height of 3600mm
 Maximum surface area of 14.4 square metres

Endurance Glazing

8mm Toughened Clear Glass
 10.38mm Thermal Celar Glass

Operation

Somfy Motorisation with Remote Control or Hard Wired Wall Switch

Hardware

Marine Grade 6061 Structural Aluminium Extrusions
 Marine Grade 316 Stainless Steel Components
 Marine Grade Stainless Steel 316 Brackets
 High Pressure Aluminium Die Cast Fittings

Optional Available Extras

Somfy Sun, Wind and Rain Sensors
 Upgradable Somfy Remote Control systems
 Remote control upgrades available for multi channel and wall mounted options

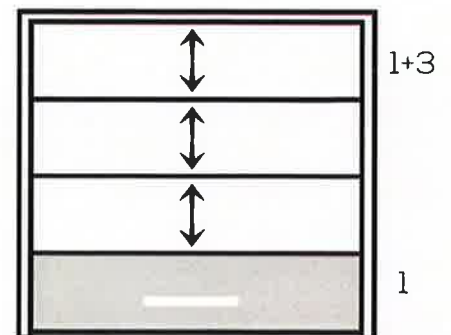

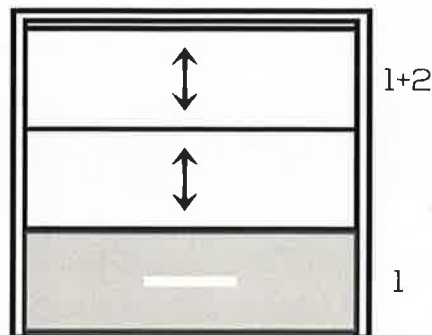

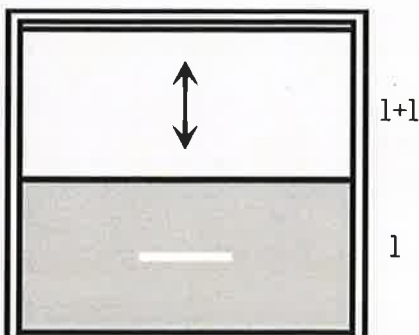

Patent Lift and Slide System

Complete Sealed System

6061 Marine Grade Aluminium Profiles
