RE: DA2020/0205 - 18 Alexander Street COLLAROY NSW 2097

The building takes up almost the entire block.

The common room and deck look straight into our bedroom windows and will cause noise to the entire street.

The manager's room is at the back of the property, so he/she will be unable to perform his/her duties of keeping an eye on who enters the property. Also will not be easily found for queries or concerns from neighbors.

Not enough green space.

No emergency gathering area.

No emergency exit for disabled people.

No fire hydrant pictured.
