Subject: Mod2022/0090 -Objection

Dear Clare,

I object to the proposed Developmet of a mobile tower at John Fisher park field number 5.

I object to dangerous radiation from the mobile tower so close to homes, sporting grounds and the school. It being within 600m of the school is a major concern for the wellbeing of children attending Curl Curl North Public School. 600 m for the school is within all telco standard guideline. I urge the council to reconsider this development for the health of the children at the local school.
