Collaroy NSW 2097

**RE: DA2023/0173 - 1126 Pittwater Road COLLAROY NSW 2097**

1. The proposed fence is much shorter than I plan to have after construction of Seawall has been completed.
2. The proposed pergola will shade and adhere to my view towards Collaroy and The Longreef Headlands.

Unlike the approved plans on the other side of me the owners were curious and discussed their plans with me. 1126 have left me no choice but to go down this path instead of a discussion. These owners have been in this property for a little over 12 months. I however have had this house for over 3 Years. The owners are reluctant to communicate with me I was with The Brother for 15 years. They have bizarrely purchased the property well after our separation and have had every opportunity to discuss not only purchasing the property but discussing the works intended.
