NORTHERN BEACHES COUNCIL

Waste Management Plan

(For development in the area of WLEP 2011 and WLEP 2000)

This plan is to be completed

in accordance with Council's

Waste Management Guidelines

(For development in the area of WLEP 2011 and WLEP 2000)

Effective Date: 25 October 2016

TABLE OF CONTENTS

Purpose of the Waste Management Plan	2
Structure of the Waste Management Plan	2
Applicant and Project Details	3
Section 1 – Demolition	5
Section 2 – Construction	7
Section 3 – On-going waste management for one or two dwellings	9
Section 4 – On-going waste management for three or more dwellings	10
Section 5 – On-going waste management for non-residential developments	11
Section 6 – Private roadway developments	12

Purpose of the Waste Management Plan

This *Waste Management Plan (WMP)* will detail the arrangements for waste management during all stages of development and occupation.

The WMP must be completed in accordance with the Waste Management Guidelines (Guidelines).

A completed WMP is a mandatory requirement for any Development Application (DA) submitted under WLEP 2011 or WLEP 2000. DAs that are submitted without a completed WMP will be rejected or refused by Council.

Structure of the Waste Management Plan

All applicants are required to complete the 'Applicant and Project Details' part of the WMP and include it with the relevant Sections that apply to their proposed development.

The WMP is divided into Sections and applicants are only required to complete the relevant Sections in accordance with the Guidelines. The table below identifies which Sections are relevant to which development types.

For example, if the proposed development was to include demolition of an existing structure and construction of a single dwelling, the relevant Sections would be Sections 1, 2 and 3.

Section	Development Type^
Section 1 – Demolition	All
Section 2 – Construction	All
Section 3 – On-going waste management for one or two	One or two dwelling developments
dwellings	Mixed-use developments containing
	one or two dwellings
Section 4 – On-going waste management for three or	Three or more dwelling developments
more dwellings	Mixed-use developments containing
	three or more dwellings
Section 5 – On-going waste management for non-	Commercial developments
residential and mixed use developments	Industrial developments
	Mixed-use developments
Section 6 – Private roadway developments	Private roadways

Note: the definitions of the development types are provided in Section vi of the Introduction to the Guidelines

Applicant and Project Details

Complete this page and the relevant Sections that apply to your proposed development.

Applicants' Details

Name: (must be the same as the DA form)	David Washbrook
Address: (must be the same as the DA form)	51 Radio Avenue, Balgowlah Heights, NSW 2093

or Strata Plan (SP) No:	
Unit No:	51 Radio Avenue, Balgowlah Heights, NSW 2093
House No:	
Street:	
Suburb:	
Postcode:	

Project Details

Description of proposed development:	Addition of a carport. The carport will be constructed offsite and simply installed onsite with minimal or no waste. No demolition or earthworks are required.
Structures to be demolished:	There is no demolition or earthworks required

Applicant Declaration

I declare that:

- 1. This plan has been completed in accordance with the Waste Management Guidelines
- 2. To the best of my knowledge, the details on this form are accurate and correct

I understand that:

- 1. All records demonstrating lawful disposal of waste will be retained and kept readily accessible for inspection by regulatory authorities such as Council, NSW Environment Protection Authority or WorkCover NSW.
- 2. A bond in accordance with Council's fees and charges may apply to this development and must be paid to Council prior to any works commencing.
- 3. The bond will only be refunded when Council is satisfied that all waste outlined in this plan has been managed as per the plan, and evidence such as photos, receipts and statutory declarations must be supplied where appropriate.

Excavated Material	N/A						
Garden Organics	N/A						
Bricks	N/A						
Tiles	N/A					т	
Concrete	N/A				OPTION NOT AVAILABLE: These materials must be re-used or separated on or off site and sent for recycling.		
Timber	N/A						
Plasterboard	N/A						
Metals	N/A						
Asbestos	N/A						
Other waste (please specify)							
Estimated Total % Recovered	N/A		Demolition' o	f the Quide			

Refer to the estimation tables in 'Chapter 1 – Demolition' of the Guidelines for assistance in completing this table.

The applicant must submit a Site Plan showing the structures to be demolished and storage areas for waste and construction materials (if the development also includes construction).

The below is not applicable as there is no demolition or earth works.
The project simply involves the erection of a pre-built carport.
Only minimal waste is expected from excess timber (which will be reused in other
by the household owner) and that from food and drink from builders for which what can recycled will
be via the household's blue and yellow bins.

WMP Checklist

Have you included the following:	Applicant Tick
A site plan showing:	
• The structures to be demolished.	
• Storage areas for waste to be reused, recycled, or disposed of.	
Materials storage (if the development also includes construction)	
The table on the previous page, completed in accordance with 'Chapter 1 – Demolition' in the guidelines.	

Section 2 – Construction

This section must be completed in accordance with 'Chapter 2 – Construction' of the Waste Management Guidelines
