RE: REV2022/0024 - 394 Barrenjoey Road NEWPORT NSW 2106

Regarding the proposed additions/renovations to Newport Surf Club...I wish to support the current proposed design.

It is refreshing to see the design respecting the original building, but more importantly, the existing functions and usage patterns of the building and its surrounding spaces.

Thankfully the design has not made the same mistakes as other recent surf club constructions.
