Subject: DA Application Number: DA2021/0200 - objection to the proposed development above the fish shop in Palm Beach

Dear Council,

This proposal is an outrage and insult to the people of the Peninsular.

Apart from breaching building requirements including setback etc, we now have a DA proposal that happily cuts down protected gums making a mockery of the council's so called commitment to the environment.

Added to this, is the fact that the proposed development is above the heritage listed Barrenjoey House without even attempting to acknowledge any sensitivity to the heritage style of the village.

Already there is uproar with the DA associated with the property below this proposal - the fish shop development. Now with this new development the whole slope will be one concrete and glass slab. It is heritage and environmental vandalism

Council must stop this continued madness and reflect community wishes for a change. People have had enough of rules being thrown out the window for the benefit of builders and developers.

Yours faithfully

Steve Jacobs
